About US

Blankets by Le Shell had its first appearance in 1999 in Palm Beach County, Florida for a brief run. Still a new concept to many BbL (Blankets by Le Shell) had so much more to offer so the business was placed on hold. Recently BbL reopened to the world in 2000 with its additional avenues. Since BbL's return we changed our name and image to accommodate to the new avenues adopted. Services by Le Shell has been placed as the main name of the company with a new look with the same goal of customer service and quality at the top of our list.

We started off catering to the cold seasons with crocheted blankets for kids to adult sized items and wall hangings. Since the expansion of our company we are proud to offer extended comfort for all besides as a snuggle warm embrace also now in baked goods, Natural products, and business help.

Objective:

To place a handcrafted pieces of love into the hands of each person we meet. Providing original handcrafted or hand picked items that can last a lifetime which are great for baby showers, anniversaries, home decor, special occasions and more!

Hello Lisa

SbyL: Hi Lisa hows your hair journey going?

Lisa: Not good at first but since I've used these products things have gotten better

SbyL: What do you mean?

Lisa: Well, I have a medical condition that effects by immune system and the meds I take doesn't help to much with the hair growth process. So my hair doesn't grow how I want it.

SbyL: Sorry to hear that, How did you hear about our products?

Lisa: Through you at the back to school bash. You told me about this new thing you was trying and your hair looked great. Plus you gave it to me to try in exchange for me to model. Lol!

SbyL: Lets take it back a sec, not naming names of other brands, but have you tried other brands to help you on your hair journey?

Lisa: Yes, keeping it simple the products that I've tried all fell in 3 categories; oily, buildup, or just weighed my hair down.

SbyL: How did our products make your hair feel?

Lisa: Fresh and clean, I felt the air skip across my scalp letting me know it was clean. I followed the directions as close as I could and my hair was not oily, weighed down or any gunky.

SbyL: Which products do you use?

Lisa: The Shampoo, Hydration System, and Hair Juice. I refill as needed and I love the option to purchase individual items.

SbyL: Seeing this is your second order since the initial modeling kit would you say that your satisfied with our products?

Lisa: Yes, I must admit I was a little skeptical at first but this was a great find. I could tell the products were fresh and pure concentrated so a little really went a long way.

SbyL: Would you recommend us?

Lisa: Yes of course and have.
